Over Easy Getting Started

ON YOUR CORNER. IN YOUR CORNER.

It only takes a few minutes of your time to get started. This OverEasy Online Switch Kit includes a direct deposit change form, a government direct deposit sign-up form, an automatic payment change form and an account closure form. Simply print or copy as many as you need.

Step 1: Open a new account at CornerBank.

Stop by any CornerBank branch or visit www.cornerbanks.com to open a new checking or savings account. Remember to have the following items ready when you open your account:

- Your old bank account information
- Details of your existing automatic payments
- Details of your existing direct deposits
- Two forms of identification (such as a valid driver's license or ID card)
- Your social security number
- An opening deposit of \$25

If opening your account in person, all new account holders must be present.

If opening the account online, please wait until you receive your new account number before moving on to Step 2.

Step 2: Stop using your old account immediately.

Don't forget to leave sufficient funds to cover any outstanding checks or automatic payments that may be charged to your account. You may also want to destroy any unused checks, deposit slips, and ATM or debit cards from your old account.

Step 3: Change all of your direct deposits.

Fill out the Direct Deposit Change Form or Government Direct Deposit Sign-up Form, and forward it to the appropriate place to let them know you've switched banks. You may print or copy as many forms as you need. Include a deposit slip or voided check from your new CornerBank account.

Step 4: Change all of your automatic payments.

Change all of your automatic withdrawals or automated payment services using the Automatic Payment Change Form. Include a deposit slip or voided check from your new account. Don't forget those payments that may use your old debit card number, such as online services. You may print or copy as many forms as you need.

Step 5: Close the account at your old bank.

There's no need to visit your former bank personally. Simply complete and submit the Account Closure Form to close your account. If you have a remaining balance after your outstanding checks have cleared, they will send you a check.

How to locate your routing and account numbers.

This information will be required on the forms provided.

Your Routing Number

- To locate your routing number, simply look at the bottom left-hand corner of your checks. The first set of numbers listed is your routing number.

Your Account Number
